PREFACE.

The Directory has again been carefully revised and brought thoroughly up-to-date and will, we hope, prove of immense service to the entire business community.

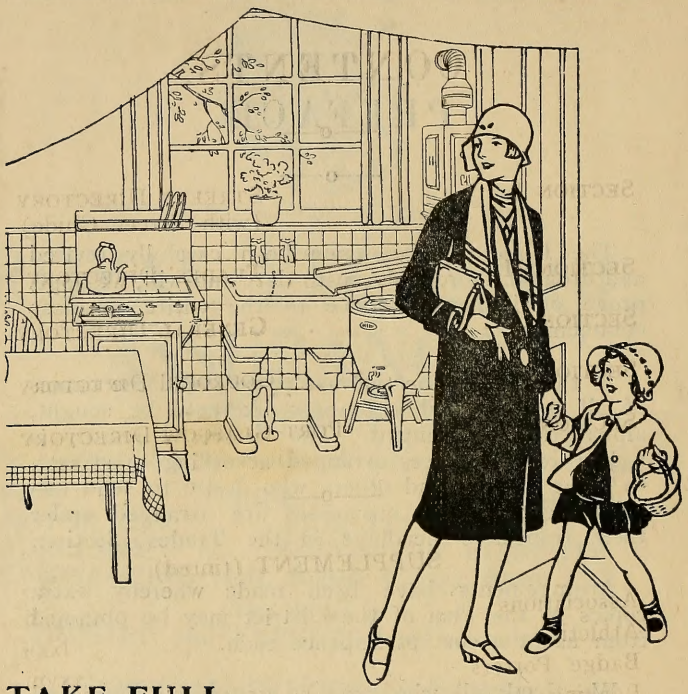

In the General Section are to be found the names of all persons and businesses likely to be sought, alphabetically arranged. The Streets Directory is a List of Residences arranged according to streets, to serve traders and others who desire to send circulars, etc., whilst businesses are arranged under their respective headings in the Trades' Section.

Arrangements have been made whereby extra copies of the Plan of the District may be obtained from us at a cost of sixpence each.

We thank all who have so generously furnished information and express our sincere gratitude to those who have in any other way assisted in the production.

We thank those business people who recognise in the Directory a desirable medium for publicity and hope the returns justify a continuance of their favours. Our accomplishments are only limited by the support we are accorded.

PHŒNIX PRINTINGHOUSE,
GREENOCK, September, 1930.

TAKE FULL ADVANTAGE OF YOUR GAS SUPPLY

With gas already laid on to your home, the installation of additional gas appliances is a simple and inexpensive matter.

Gas is a supply of heat you cannot exhaust. It can easily be brought to any point in your home for any heating purpose—to cook food, refrigerate food, boil water, warm rooms, heat the wash copper and the iron.

And it demands none of your time and energy. You just turn taps—that's all.

There are gas appliances to meet every household need and to suit every home, large or small. Let us help you to have a real labour-saving home NOW. Call or write to the address below.
